

IAPP Higher-Ed Program

Introduction:

The IAPP Higher-Ed Program reflects the IAPP's (the International Association of Privacy Professionals) mission of growing the Privacy profession. With the goal of helping to support those students studying privacy to further establish themselves in the privacy space, the IAPP offers a unique opportunity to earn the following credentials - the CIPP/US, CIPP/E, CIPM or CIPT. Additionally, as a Privacy Pathways student, you receive a discounted student membership to access our research and publications, online training, sample questions, and a PearsonVUE based test. By offering this program to students, our goal is to help create an on-ramp to the Privacy profession.

Program Details:

Student Cost: \$250

Contents for 1st Designation:

- Self-paced Online Training for One Designation (CIPP, CIPM, CIPT) – from 7 to 14 modules, up to 11+ hours' worth of content – Preview: https://youtu.be/_Y60NQGw6z4
- eTextbook(s)
- Sample Questions
- Exam Voucher (Pearson Vue in-person and OnVue remote proctoring available)
- 1 YR Student Membership

2nd Designation (available after 1st Designation): \$200 (no membership included)

Process:

Complete HE Roster to send IAPP students wishing to take IAPP training and certification – they will be emailed instructions on how to pay their invoice and access their training materials and exam voucher.

*If student has not paid in 30 days, they will need to get in on the next Roster Submission Period. We will accept the next set of students sometime probably in the Spring when we will have new instructions on how to take advantage of this program.

Once the IAPP has received the interested students' information, the IAPP will communicate directly with the student about their enrollment and how to pay their invoice. The student's one-year membership will commence at that time (as of the first of the month). Students will thereafter receive access to the online training, any applicable textbooks, and will be able to schedule their exam under the "My Purchases" section of their MyIAPP account.
